hping3

Using hping3 for custom UDP and TCP packets:

`hping3 192.168.1.103 --udp --rand-source --data 500`

`hping3 -S 192.168.1.103 -p 80 -c 5`

Where:

`-S` - Set SYN tcp flag.

`hping3 --flood 192.168.1.103`

Where:

`--flood` - Sends packets as fast as possible, without taking care to show incoming replies.
